
Epson EB-G5350NL VIDEO PROJECTOR

DATASHEET

Large venue projector

Deliver truly stunning presentations to large audiences. With 5000 lumens you can get your message across the way you choose to and in just about any light conditions. You can also connect to a LAN for central projector monitoring and control. The Epson EB-G5300 is reliable and efficient and to make sure it matches your venue, subject and budget you can choose from 5 modular lenses.

A great performance

Make impressive presentations with Epson 3LCD technologies and 5000 lumens brightness. Project superb images even in daylight on a screen up to 300 inches and add audio with integrated 7W speakers.

Easy set-up

The central lens makes positioning easy, while flexible lens shift (50% up/down, 10% left/right) and keystone correction (+/-40° vertical, +/-20° horizontal) give you a perfect image every time.

You're in charge

Work more efficiently by monitoring and controlling this and other networkable projectors on the LAN. Check status, configure and change settings.

Reliable and efficient

The Epson EB-G5300 is very reliable and easy to use and maintain. It gives you a low total cost of ownership in the long term. From packaging to its low wattage lamp, it's also designed to have minimal impact on the environment

KEY FEATURES

- Large-scale presenting
5000 lumens white light output and
5000 lumens colour light output
