

# B-G1-FP

## 1-Gang Metallic Faceplate Covers for CNX-B Designer Keypads

Crestron® Metallic Faceplate Covers lend a contemporary appearance to any **CNX-B** Designer Series Keypad. The B-G1-FP is designed to fit over the standard 1-gang plastic faceplate that comes with each keypad. Options include six elegant metallic finishes, and one unfinished version primed to allow the application of your own custom finish.

*NOTE: All B-G1-FP metallic faceplate covers are composed of aluminum and may not be suitable for use in a sterile environment.*

For 2-gang and 3-gang keypad configurations, please see the [B-G2-FP](#) and [B-G3-FP](#).
