

PC3000

Program selector 45 x 45 mm

The PC3000 is a flush mount wall program selector for 100V PA installations. It is compatible with AUDAC, Niko, Legrand and other standard 45 x 45 mm installation materials. The output can be selected out of 5 different sources using the rotatable dial. Due to its slim and good looking design, these program selectors will blend into all kinds of different environments or interiors. The construction of the PC3000 is made with sturdy ABS and therefore suitable for big projects in industrial buildings to the standard installation into home design interiors. The connections are made at the rear side, using screw terminal blocks. Matching coverplates for the PC3000 are separately available (CP45CF). Available in Black (/B) and White (/W).
